

School Accountability Report Card Reported for School Year 2006-07

Published During 2006-07

Notes regarding the source and currency of data:

Data included in this School Accountability Report Card (SARC) template are consistent with State Board of Education guidelines, which are available at the California Department of Education Web site at <http://www.cde.ca.gov/ta/ac/sa/definitions05.asp>

Most data presented in this report were collected from the 2004-05 school year or from the two preceding years (2002-03 and 2003-04). Due to the certification timelines for graduation, dropout, and fiscal information, the data for these sections of the report were collected in 2003-04. Single-year column headings refer to the school year ending in that particular year. When no year is specified, data are from the most recent school year for which data are available.

More information about SARC requirements is available at the CDE Web site at <http://www.cde.ca.gov/ta/ac/sa/>, including a SARC Preparation Guide at <http://www.cde.ca.gov/ta/ac/sa/guide.asp> and Frequently Asked Questions at <http://www.cde.ca.gov/ta/ac/sa/questions.asp>.

<p>The San Francisco Campus Safety Team consists of one teacher from each classroom and the education coordinator. Each Safety Team member is responsible for monitoring monthly classroom safety and risk abatement checklists. Each safety team member is also responsible for maintaining adequate blood borne pathogens supplies for the campus. The head of the Tara safety team (Site Manager) coordinates with the Day Custodian and the Safety Team members to conduct morning safety sweeps to insure the campus is free from dangerous debris. Duck and Cover drills are coordinated by the classroom Safety Team member and are implemented once a month with students.</p> <p>3. Emergency Preparedness Training takes place annually. The training consists of earthquake building damage disaster, shelter in place and violent intruder protection. An emergency preparedness drill is conducted annually with staff to practice what is covered in the Emergency Preparedness Training.</p>	

School Programs and Practices That Promote a Positive Learning Environment

<p>Applied Behavior Analysis (ABA) is an empirically proven method for teaching students new skills as well as decreasing challenging behaviors. Spectrum Center uses ABA methods such as Direct Instruction, Discrete Trial Training, and Curriculum Based Measures to teach academics and fluency procedures to teach functional skills to students with a range of abilities. In addition, Spectrum Center focuses on the functional assessment of challenging behaviors and the development of positive behavior intervention plans based on the function of those behaviors.</p>

Teacher Evaluations

Each teacher is evaluated on his/her overall performance in the classroom. Teachers' areas of focus include: implementation of student IEP goals, student safety, crisis management, data collection, behavior management, attendance, assertive communication, and knowledge of the population/disabilities that are represented for which they are teaching. Teachers are also evaluated on their supervision skills (giving feedback, working with staff, and coaching). All staff are required to complete Maximizing Success, which encompasses our Mission Statement, philosophies of teaching, strategies for supervision and safety in the classroom. Teachers have weekly meetings with their supervisors to discuss any areas of need and training required. Teacher's progress/performance is reflected on 6 and 12 month written evaluations. Scores range from unsatisfactory to outstanding. Teachers must pass all evaluations in order to meet probation.

Substitute Teachers

Spectrum Center Schools provide teacher's assistants who support the room and provide consistency for students when the teacher is away. These staff may include an Associate Teacher and/or an Instructor Level 2. In addition, each classroom has an Education Coordinator who works closely with students and staff in their assigned classrooms. An Education Coordinator completes behavioral assessments, behavior plans, collaborates with the teacher to develop IEP goals and monitors their implementation. All of these staff work directly with students and are familiar with students' schedules, behaviors, and IEP goals.

VII. Curriculum and Instruction

School Instruction and Leadership

Spectrum Center provides individualized instruction based on the specific student's needs. Our classrooms provide instruction in all of the IEP domains to include academics, communication, social skills, independent living skills, vocational preparation, and behavioral programming. Each Spectrum Center campus is run by a Director whose job is to provide leadership, direction and decision making to assure quality programming; Golden Gate campus has on site direction provided by an Education Coordinator. All campuses employ the behavioral expertise of a Senior Clinician who provides mentoring on clinical issues and training to all staff. In addition, each campus provides support to classroom staff by assigning an Education Coordinator who gives educational and behavioral support to each teacher. The Education Coordinator on the campus meets weekly with teachers and classroom staff to discuss student academic and behavioral progress.

Teachers receive a stipend every year in order to help continue their education and other teaching staff have access Spectrum Center scholarships. All staff are required to complete a six-month training manual called Maximizing Success, which encompasses our mission statement, philosophies of teaching, strategies for supervision, ABA principles, data collection, and safety in the classroom. All of our staff are required to attend crises management training. Throughout the school year teaching staff receive trainings, when appropriate, in using board maker, PECS, TEACCH, token economy systems, and social skills strategies. The week before the Fall semester begins, all staff receive required trainings including but not limited to: CPR, 1st aid, Hughes Bill, incident report writing, emergency preparedness, blood borne pathogens, student supervision, FMLA/Hippa, safety in the workplace, sexual harassment, Child Protective Services, and universal precautions.
