Workshop***

SPECTRUM CENTER BCBA WORKSHOP

Date: December 13, 2007

Time: 9:00 am - 4:00 pm (with 1 hour break for lunch)

Location: Spectrum Center Schools, 16360 San Pablo Avenue,
San Pablo, CA 94806

Assessing and Teaching Academic Skills for Continued Educational Progress

The focus of this workshop is to provide educators with the knowledge, skills and abilities to accurately assess their student's performance in the areas of reading, writing, spelling and mathematics and design effective programs for continued progress.

Upon completion of this workshop attendees will be able to:

- Conduct and analyze assessment in the areas of reading, writing, spelling and math
- Determine academic scores on assessments to establish baseline performance for students
- Establish scope and sequence for yearly learning based on student assessment
- Develop and teach lessons in the areas of reading, writing, spelling and math to ensure that skill acquisition focuses on fluency rather than accuracy alone.

Workshop Registration

As space is limited, please call Tammy Moore for availability at:

510-741-5440

Once your space is confirmed, send a check for \$80 with this completed registration form to the address listed below. Make checks payable to Spectrum Center Schools.
