II. About This School

School Description and Mission Statement

About this school:

Spectrum Center Schools have been serving special needs students with since 1975. We are a California Department of Education certified nonpublic school program.

The Spectrum Center San Bernardino MS campus provides intensive special education services for students with exceptional needs grades 6-8. The school currently has 12 students served in 1 classroom with a credentialed Special Education Teacher and specially trained paraprofessionals.

The school provides a menu of education and related services in the areas of academics, independent living, community integration, recreation/leisure, and vocational training. Communication is addressed across all skill domains. Students also learn social interaction skills across all activities.

Our behavior analytic, data-based approach evaluates curricular, environment, intra-personal and interpersonal variables in designing non-aversive behavior programs to teach pro-social behaviors. Some of our standard evidenced based practices include:

- Applied Behavioral Analysis
 - Functional Analysis
 - Positive Behavior Intervention Plans
 - Positive Behavioral Supports
- Curriculum and Instruction
 - State Standards Implementation
 - Direct Instruction
 - Computer Assisted Technology
 - Discrete Trial Training
- Ongoing Progress Monitoring
 - Curriculum Based Measurements
 - Content based Assessments
 - Standardized Assessments

Data is collected on academic achievement and on each Individualized Educational Plan (IEP) goal weekly. The data is reviewed monthly to assess the student's progress. Lessons plans are revised as needed to assure student learning. A progress report and/or report card is completed for every student and is provided to both the parent and LEA quarterly per the IEP and master contract.

Spectrum Center Schools monitor progress on targeted campus goals quarterly. An Internal Accountability Review is conducted annually.

Mission Statement:

Our mission is to provide personalized, evidence-based educational services for non-traditional learners in collaboration with families and public school districts.

Opportunities for Parental Involvement

Parents are involved in the student enrollment process, parent/teacher conferences, IEP development and approval.

There are opportunities for parents to attend school events such as, open house, talent show, and parent teacher conference. These events give parents/care-providers the opportunity to see what their children are learning and how much they are working on building their social skills. Parents/care-providers also have the opportunity to meet other parents/care-providers, which can help with finding out resources for their children and themselves.

Teachers communicate with parents on a daily or weekly basis to touch base and share how the child's day/week went as well as ask for parent input.

When needed, Spectrum Center has provided trainings to help parents with challenges at home, such as ABA principles, video modeling for those with Autism, as well as other training.

Parents will also have the opportunity to participate in the Western Association of Schools and Colleges (WASC) self-study accreditation process. We will seek their assistance to evaluate specific areas of our program through surveys, interviews and group meetings.

Average Class Size

Our model is to provide small classroom sizes; our classrooms can accommodate up to 12 students per classroom. Students are in classrooms according to grade, academic and functional level. In the 2014-15 school years, the Spectrum San Bernardino MS Campus served an average of 11 students in 1 classroom.

III. School Climate

School Safety Plan (School Year 2015-16)

All staff receives required trainings including, but not limited to: 1st Aide/CPR, Hughes Bill, incident report writing, emergency preparedness, blood borne pathogens, student supervision, safety in the work place, sexual harassment, abuse reporting and universal precautions.

The campus Administration is responsible for monitoring monthly classroom safety and risk abatement checklist, maintaining adequate first aide and blood borne pathogen supplies and reviewing safety incidents as needed.

Morning sweeps of the grounds are conducted by the Administration to insure the campus is secure and free from dangerous debris.

San Bernardino Campus has a system of training and drills to address the need for safety should disaster strike the campus during business hours.

1. The Administration conducts fire drills with staff and students along with the public school campus.
2. Duck and Cover drills are coordinated by the Administration and are along with the public school campus.
3. Emergency Preparedness Training takes place annually. The training consists of earthquake building damage disaster, shelter in place and violent intruder protection.

An emergency preparedness drill is conducted annually with staff to practice what is covered in the Emergency Preparedness Training.

Emergency preparedness includes monthly fire drills, monthly earthquake drills, monthly OSHA building checks, an annual fire inspection and an annual disaster drill which includes earthquake preparedness, shelter in place, violent intruder protection and an annual exposure control plan.

Types of Services Provided

Spectrum Center Schools works cooperatively with local school districts to develop a customized curriculum for each student based on the student's Individual Education Program (IEP), abilities, interests and goals. The Spectrum Center Schools meet state education standards and are based on the principals of Applied Behavior Analysis (ABA). ABA is a discipline devoted to the understanding and improvement of human behavior. Spectrum's ABA curriculum includes specific strategies for preventing behaviors of concern, teaching alternative appropriate behavior, teaching self-control strategies, improving learning skills and responding to behaviors of concern in a safe and respectful manner.

Spectrum Center Schools serve students with emotional disturbance or developmental disabilities who benefit from a consistent and structured program, with an emphasis on a successful transition to a less restrictive environment. The students receive individualized instruction in academic, social and behavioral skills, including independent living and vocational skills in a low student to instructor ratio.

Spectrum Center Schools also serve students with autism, who receive a continuum of specialized education services in dedicated classrooms. Applied Behavior Analysis is the foundation of Spectrum's approach to teaching children with autism in an environment that is predictable, consistent, structured and positive. Spectrum's curriculum for students with autism in highly structured involves repeated presentation of instruction and focuses on communication, behavior, social and academic skills in a low student to instructor ratio.

Speech and Language Therapy, Occupational Therapy, Adapted Physical Education, and Assistive Technology are provided by the District per the students IEP. Therapy is provided by Spectrum San Bernardino staff on Campus per the students Individual Education Program.

IX. Student Performance

Standardized Testing and Reporting

During the 2014-15 school year, we implemented the STAR assessment for students who are eligible to earn a diploma and the Student Annual Needs Determination Inventory (SANDI) for students who are eligible for certificate of completion.

The Student Growth Percentile (SGP) is utilized to show student progress because the SGP is a measure of growth in relation to one's academic peers nationwide. States that have adopted growth models define typical growth as an SGP score of 35-65. Spectrum Center has adopted a minimum target SGP of 40. This means that students who have an SGP score of 40 are experiencing a growth rate that is better than 40% of their peers (i.e., individuals in the same grade level with a similar initial scaled score).

X. Accountability

California Department of Education Certification (CDE)

The Spectrum Center Schools are all certified by the California Department of Education.

Schools Commission of the Western Association of Schools and Colleges Accreditation (WASC)

The Spectrum Center Schools are all fully accredited by the Schools Commission of the Western Association of Schools and Colleges.

Academic Performance Index (API)

The API is not applicable to Non Public Schools.

XI. Postsecondary Preparation

Completion of High School Graduation Requirements

Data is not shown when the number of students with data is ten or less to protect student privacy.

XII. Instructional Planning and Scheduling

Spectrum Center San Bernardino MS Campus offers teaching staff receive a stipend every year in order to help continue their education and other teaching staff have access Spectrum Center scholarships. All staff are required to complete a one-month training CD called BEST, which encompasses our Mission Statement, philosophies of teaching, strategies for supervision, ABA principles, data taking and safety in the classroom.

All of our staff are required to attend a three day training called Pro-ACT. This gives them the opportunity to learn positive behavioral management. Throughout the school year teaching staff receive trainings, when appropriate, in using Boardmaker, PECS, TEACCH, Token Economy Systems, and social skills strategies. Before the beginning of each school year, three to five days are designated as teacher training days. Staff receive the required trainings, such as: CPR, 1st aid, Hughes Bill, Incident Report writing, Emergency Preparedness, Bloodborne Pathogens, Student Supervision, FMLA/ Safety in the Workplace, and Universal Precautions. Spectrum Center Schools provide continual training as well as dedicated staff training days.
