### II. About This School-

#### School Description and Mission Statement

##### About this school:

Spectrum Center Schools have been serving special needs students with since 1975. The Rossier Park Elementary School has been serving special needs students in Orange County since 1980. We are a California Department of Education certified nonpublic school program.

##### The Students

Rossier Elementary School serves students grades K-8 with challenging educational and behavioral needs for which public schools, and frequently, other non-public schools, have no appropriate program. Students have a wide array of disabilities including but not limited to: Emotionally Disturbed, Specific Learning Disability, Other Health Impairment, Speech and Language Impairment, Autism, and Intellectually Disabled. The spectrum of students served ranges from the intelligent student at or above grade level to the developmentally disabled student, but who may be highly aggressive with psychiatric disorders.

##### The Program

Our mission is to create a learning environment in which students have the opportunity to experience success and build self-esteem. The Rossier program is based on an integrated approach of individualized academics, a strong positive behavioral approach and an emphasis on counseling. Our campus has 7 classrooms, serving a maximum of 108 students with a teacher/staff ratio of 1:4. The academics are based on Common Core Standards and State approved Core Curriculum. Academics are modified, and or supplemented with approve intervention curriculum, to accommodate individual student needs.

The Rossier program is based on a positive behavior modification system. When the overall behavioral modification system is insufficient a positive behavior intervention plan may be implemented. This will focus on:

- What purpose a behavior serves
- The context of the behavior including what, where and with whom the behavior occurs
- How to teach appropriate replacement behaviors

Programs include:

- Point and level system
- Transitioning students back to public school –
- Daily communication with home through point card summary and frequent phone contact
- Teaching self-control/problem-solving/social skills strategies
- Responding to misbehavior in a safe and respectful manner
- Strategies for improving student learning skills and outcomes
- Meeting State Standards
- Academic and functional curriculum that meets the district of residence criteria, IEP goals and student needs.
- Extra Curricular Activities per the student's IEP
- Transportation service for families to attend intakes, IEPs, and other meetings, as needed
- Additional Staff designated to assist with behavioral crisis situations

### **The Services**

In addition to a comprehensive academic, functional and behavioral school program, Rossier Elementary offers direct services in:

- Adaptive PE
- Speech Therapy
- Transportation
- Counseling
- One to One Staffing (if needed)

### **Ongoing Progress Monitoring**

- Curriculum Based Measurements
- Content based Assessments
- Standardized Assessments

Data is collected on academic achievement and on each Individualized Educational Plan (IEP) goal weekly. The data is reviewed monthly to assess the student's progress. Lesson plans are revised as needed to assure student learning. A progress report and report card is completed for every student and is provided to both the parent and LEA quarterly per the IEP and master contract.

Spectrum Center Schools monitor progress on targeted campus goals quarterly. An Internal Accountability Review is conducted annually.

### **Mission Statement:**

Our mission is to provide personalized, evidence-based educational services for non-traditional learners in collaboration with families and public school districts.

### **Opportunities for Parental Involvement**

Parents are involved in the student enrollment process, parent/teacher conferences, IEP development and approval.

These are opportunities for parents to either attend a school event such as special assemblies or an after-school event such as Back to School Night, Open House. These events give parents/care-providers the opportunity to see what their children are learning and how much they are working on building their social skills. Teachers make frequent phone calls to parents to touch base and share how the child's week went as well as ask for parent input.

### Types of Services Provided

Spectrum Center Schools work cooperatively with local school districts to develop a customized curriculum for each student based on the student's Individual Education Program (IEP), abilities, interests and goals. Spectrum Center Schools meet state education standards and are based on the principals of Applied Behavior Analysis (ABA). ABA is a discipline devoted to the understanding and improvement of human behavior. Spectrum's ABA curriculum includes specific strategies for preventing behaviors of concern, teaching alternative appropriate behavior, teaching self-control strategies, improving learning skills and responding to behaviors of concern in a safe and respectful manner.

Spectrum Center Schools serve students with emotional disturbance, specific learning or developmental disabilities who benefit from a consistent and structured program, with an emphasis on a successful transition to a less restrictive environment. The students receive individualized instruction in academic, social and behavioral skills, including independent living and vocational skills in a low student to instructor ratio.

Spectrum Center Schools also serve students with autism, who receive a continuum of specialized education services in dedicated classrooms. Applied Behavior Analysis is the foundation of Spectrum's approach to teaching children with autism in an environment that is predictable, consistent, structured and positive. Spectrum's curriculum for students with autism in highly structured involves repeated presentation of instruction and focuses on communication, behavior, social and academic skills in a low student to instructor ratio.

Related services provided at by Spectrum Center per the student Individual Education Program includes counseling, Speech and Language Therapy, Occupational Therapy, Adapted Physical Education, Augmentative Communication, and Assistive Technology. Each campus to adapt this list for their site
