

NOVEMBER NEWSLETTER

AUTUMN DAYS ARE HERE AGAIN

The Spectrum Center Camden Campus was happy to welcome students back to campus in late October. We are working hard to maintain safety guidelines while working in small groups of students and staff. It was really wonderful to see our students again. We have missed them so much and appreciate the chance to work with them in person. The students surprised us with how much they remembered after being at home for several months. They were able to get right to class and to jump back into the schoolwork like they had never left. All of the teachers and staff at the Camden Campus are so happy to be able to connect with our students and help them continue to grow.

Spotlight on Room 12

Room 12, one of our academic classrooms, is so excited to have students back on campus! It has been wonderful to see students making progress in this unusual time.

Spectrum Center's academic classrooms emphasize:

- Coursework that meets district and state curriculum standards
- Small classrooms with low student-to-staff ratios
- Social skills curriculum to support social emotional growth
- The opportunity to earn credits toward a high school diploma, when possible

If you have any questions about our campus or small cohorts, please contact Rain Johnson at rjohnson@spectrumschools.com or 510-812-6063.
