

Spectrum Center Schools and Programs - Delta Campus

Jolie Ferguson, Program Director

135 East Leland, Pittsburg, CA 94565

Phone: (925) 430-6929

Fax: (925) 439-6925

Our classrooms at our Delta Campus are tailored to the students' unique needs. Students with autism, emotional/behavioral disabilities and other disabilities become more independent through our focused individualized academic, behavioral, communication, therapeutic and transition services.

We work with our school districts to develop a personalized plan of focused instruction targeting specific skill gaps so students can be successful as they re-engage with learning.

We look forward to serving your students and we are currently taking referrals.

“Wisdom is not a product of schooling but of the lifelong attempt to acquire it.”

— Albert Einstein

Our small cohorts will be returning in March 2021.

We are hoping to have many more start back in April 2021.
