

February Newsletter

Gratitude

In this month's newsletter, I would like to express my gratitude to our students, families, districts, and staff. The past year has been a challenging one, and the Camden Campus family has pulled together to try to make the most of a difficult situation. Our students surprise us every day with their hard work and engagement. Our families are flexible with both on-site and online learning. Our districts have been working with us to create plans to keep each student engaged and on track. Our staff have been working to find new and creative ways to bring curriculum into the home. The Camden Campus team is proud of all of our hard work, and we look forward to moving towards the next step in getting kids back in school.

Students worked on a project to express their gratitude for essential workers who help keep our world running! Each student made a sign to put in their window.

Students and staff create art at home to share with each other. Teacher Tameka guides students in making spring trees blooming with color in an online art class. For more information about our program and openings, please contact Rain Johnson at 510-812-6063 or

rjohnson@spectrumschools.com.
