II. About This School

School Description and Mission Statement

About this school:

Spectrum Center Schools have been serving special needs students with since 1975. We are a California Department of Education certified nonpublic school program.

Spectrum Center Schools and Programs-San Jose Campus is a non-residential school that is CDE certified to provide educational services to students ages 5 - 22 with challenging behavior, social & academic needs representing a wide array of disabilities. The school currently has 53 students served in 5 classrooms with a credentialed Special Education teacher and specially trained paraprofessionals. All Students have Individualized Education Plans (IEP's), and Positive Behavior Intervention Plans when needed. Related Services include: Speech Pathology, Adaptive Physical Education, Occupational Therapy and Mental Health Counseling. The curriculum is highly structured with a strong emphasis on Direct Instruction and community based instruction. The program's philosophy utilizes a behavior-analytic data based approach to student services and evaluation. Spectrum Center provides an individualized approach to IEP goal attainment with both a functional and academic curriculum based on goals developed from the seven IEP domain areas.

The school provides a menu of education and related services in the areas of academics, independent living, community integration, recreation/leisure, and vocational training. Communication is addressed across all skill domains. Students also learn social interaction skills across all activities.

Our behavior analytic, data-based approach evaluates curricular, environment, intra-personal and interpersonal variables in designing non-aversive behavior programs to teach pro-social behaviors. Some of our standard evidenced based practices include:

- Applied Behavioral Analysis
- Functional Analysis
- Positive Behavior Intervention Plans
- Positive Behavioral Supports

Curriculum and Instruction
 State Standards Implementation
 Direct Instruction
 Computer Assisted Technology
 Discrete Trial Training
 Ongoing Progress Monitoring
 Curriculum Based Measurements
 Content based Assessments
 Standardized Assessments

Data is collected academic achievement and on each Individualized Educational Plan (IEP) goal weekly. The data is reviewed monthly to assess the student's progress. Lessons plans are revised as needed to assure student learning. A progress report and/or report card is completed for every student and is provided to both the parent and LEA quarterly per the IEP and master contract.

Spectrum Center Schools monitor progress on targeted campus goals quarterly. An Internal Accountability Review is conducted annually.

Mission Statement:

Our mission is to provide personalized, evidence-based educational services for non-traditional learners in collaboration with families and public school districts.

Opportunities for Parental Involvement

Parents are involved in the student enrollment process, parent/teacher conferences, IEP development and approval.

In addition, our school hosts parent/care-provider events twice annually. These events are opportunities for parents to see what their children are learning and how much they are working on building their social skills. Parents/care-providers also have the opportunity to meet other parents/care-providers, which can help with finding out resources for their children and themselves.

Teachers maintain high levels of communication with parents/care-providers through phone calls, emails and daily progress notes in order to touch base regularly and share how each student's week went as well as ask for parent care/provider input.

When needed, Spectrum Center has provided trainings to help parents with challenges at home, such as ABA principles, video modeling for those with Autism, and many others, in fact Spectrum Center San Jose has developed a parent training course which can be written into a student's IEP.

Student Enrollment by Grade Level (School Year 2014-15)

This table displays the number of students enrolled in each grade level (determined by age) at the school.

Grade Level	Number of Students	Grade Level	Number of Students
Kindergarten	0	Grade 9	6
Grade 1	0	Grade 10	11
Grade 2	1	Grade 11	7
Grade 3	4	Grade 12	4
Grade 4	4	Ungraded Elementary	0
Grade 5	1	Ungraded HS	0
Grade 6	2	Post-Secondary	28
Grade 7	4		
Grade 8	3	Total Enrollment	75

Student Enrollment by Group –

Disability Eligibility

Average Class Size

Our model is to provide small classroom sizes, due to this our classrooms can be anywhere from 7 to 12 students in a classroom. Students are in classrooms according to age and function level. In the 2014-15 school year, the San Jose Campus served an average of 50 students in 5 classrooms.

III. School Climate

School Safety Plan (School Year 2014-15)

Spectrum Center has a system of trainings and drills to address the needs for safety should disaster strike the campus during business hours.

1. The Program Director conducts monthly fire drills/earthquake drills with staff and students.
2. Emergency Preparedness Training occurs annually. The training consists of building damage assessment, shelter/first aid needs and parent/caregiver contact.
3. Simulated lock-down exercises are conducted bi-annually.

All staff receive required trainings including, but not limited to: 1st Aide/CPR, Hughes Bill, incident report writing, emergency preparedness, blood borne pathogens, student supervision, safety in the work place, sexual harassment, abuse reporting and universal precautions.

The campus has a safety team which meets monthly. The safety team is responsible for monitoring monthly classroom safety and risk abatement checklist, maintaining adequate first aid and blood borne pathogen supplies and reviewing safety incidents as needed. Morning sweeps of the grounds are conducted to insure the campus is secure and free from dangerous debris.

Emergency preparedness includes monthly fire drills, monthly earthquake drills, monthly OSHA building checks, an annual fire inspection and an annual disaster drill which includes earthquake preparedness, shelter in place, violent intruder protection and an annual exposure control plan.

Suspensions and Expulsions

Rate	School		
	2012-13	2013-14	2014-15
Suspensions	0	6	4
Expulsions	0	0	0

IV. School Facilities

School Facility Conditions and Improvement Plan (School Year 2014-15)

Age of School Buildings:

The Spectrum Center San Jose Campus is located on a surplus district elementary school campus that was built in 1972. The school is set on 8.2 acres. It has 7 classrooms, a multi-purpose room, a related services area, a student learning center, a student kitchen, several offices and meeting rooms. The campus also has a garden that the students take care of, a laundry room, three playground areas, a large grassy field, and a natural outdoor area.

Maintenance and Repair:

The Administrative Coordinator is responsible for all campus repairs and coordinates with the Maintenance Specialist to ensure repairs are completed. We have a Five-Year Plan, which consists of improvements to the floor, resurfacing the playground and the acquisition of additional classroom space to facilitate continued student population growth. The head of the safety team coordinates with the Clinical Assistant and the Safety Team members to conduct morning safety sweeps to insure the campus is free from dangerous debris.

Cleaning Process and Schedule:

Our campus contracts a cleaning service company in order to ensure that all classrooms, offices, cafeteria, gym and restrooms are cleaned on a daily basis.

Modernizing or New School Construction Projects: NA

School Facility Good Repair Status (School Year 2015-16)

System Inspected	Repair Status				Repair Needed and Action Taken or Planned
	Exemplary	Good	Fair	Poor	
Systems: Gas Leaks, Mechanical/HVAC, Sewer		*			n/a

VII. Curriculum and Instructional Materials

Instructional Materials (School Year 2015-16)

Each student at CST and CMA level has a text book which matches the SBE or the local LEA's adapted text books in each academic area at his/her grade level. In addition Spectrum Center provides supplemental materials as appropriate to match the students' learning patterns.

Core Curriculum Area	Quality, Currency, and Availability of Textbooks and Instructional Materials * Need to import the campus' Materials form	Percent of Pupils Who Lack Their Own Assigned Textbooks and/or Instructional Materials	Most Recent SBE or Local Governing Agency Approved Textbooks and Instructional Materials

Expenditures per Pupil (Fiscal Year 2014-15)

Total Dollars	Dollars per student	Average Teacher Salary
\$2,602,360	\$43,805	\$52,265

Types of Services Provided

Spectrum Center Schools work cooperatively with local school districts to develop a customized curriculum for each student based on the student's Individual Education Program (IEP), abilities, interests and goals. Spectrum Center Schools meet state education standards and are based on the principals of Applied Behavior Analysis (ABA). ABA is a discipline devoted to the understanding and improvement of human behavior. Spectrum's ABA curriculum includes specific strategies for preventing behaviors of concern, teaching alternative appropriate behavior, teaching self-control strategies, improving learning skills and responding to behaviors of concern in a safe and respectful manner.

Spectrum Center Schools serve students with emotional disturbance or developmental disabilities who benefit from a consistent and structured program, with an emphasis on a successful transition to a less restrictive

environment. The students receive individualized instruction in academic, social and behavioral skills, including independent living and vocational skills in a low student to instructor ratio.

Spectrum Center Schools also serve students with autism, who receive a continuum of specialized education services in dedicated classrooms. Applied Behavior Analysis is the foundation of Spectrum’s approach to teaching children with autism in an environment that is predictable, consistent, structured and positive. Spectrum’s curriculum for students with autism in highly structured involves repeated presentation of instruction and focuses on communication, behavior, social and academic skills in a low student to instructor ratio.

Related services provided at by Spectrum Center per the student Individual Education Program includes counseling, Speech and Language Therapy, Occupational Therapy, Adapted Physical Education, Augmentative Communication, and Assistive Technology. As indicated in each student’s IEP, supplemental services may include: transportation, one to one aide, speech, occupational therapy, adaptive physical education and various assessments (Woodcock-Johnson, etc.) as deemed necessary. All Non-Public Schools in Santa Clara County submit a yearly rate sheet to the local SELPA for approval.

Teacher and Administrative Salaries (Fiscal Year 2014-15)

Category	Spectrum Schools Amount	State Average (ADA <1,500)
Beginning Teacher Salary	\$52,486	\$38,592
Mid-Range Teacher Salary	\$52,332	\$55,764
Highest Teacher Salary	\$67,599	\$72,219
Average Teacher Salary	\$52,265	\$90,207
Average Director Salary	\$78,952	\$116,768

IX. Student Performance

Standardized Testing and Reporting

Scores are not shown when the number of students with data is ten or less because it is too small for statistical accuracy and to protect student privacy. Districts and Parents receive test results. The Campus does not always receive them from the LRE. Not enough test results were received to provide an accurate report.

During the 2014-15 school year, we implemented the STAR assessment for students who are eligible to earn a diploma and the Student Annual Needs Determination Inventory (SANDI) for students who are eligible for certificate of completion.

The Student Growth Percentile (SGP) is utilized to show student progress because the SGP is a measure of growth in relation to one’s academic peers nationwide. States that have adopted growth models define typical growth as an SGP score of 35-65. Spectrum Center has adopted a minimum target SGP of 40. This means that

students who have an SGP score of 40 are experiencing a growth rate that is better than 40% of their peers (i.e., individuals in the same grade level with a similar initial scaled score).

Other Student Outcome Data

All students enrolled at Spectrum are given an individualized program that is tailored to their unique skill levels and ensures that the accommodations necessary for their success are provided. Individualized Education Program (IEP) goals are written to target specific deficit areas based on present levels of performance. More than 90% of students make progress on IEP goals.

Spectrum measures progress toward completion of IEP goals and defines significant progress as meeting at least three out of four benchmarks in the chart above.

X. Accountability

California Department of Education Certification (CDE)

The Spectrum Center Schools are all certified by the California Department of Education.

Schools Commission of the Western Association of Schools and Colleges Accreditation (WASC)

The Spectrum Center Schools are all fully accredited by the Schools Commission of the Western Association of Schools and Colleges.

Academic Performance Index (API)

The API is not applicable to Non Public Schools

XI. Postsecondary Preparation

WorkAbility I

Spectrum Center is a state-approved WorkAbility I Program (WAI) site. WorkAbility I is a California transition program and is funded and administered by the Special Education Division of the California Department of Education. The WorkAbility I Program provides resources for transition services with a primary focus on comprehensive pre-employment, work site training, and employment, along with follow-up services for youth in special education.

Spectrum’s WAI program goal is to provide students with the skills necessary to maximize the level of independence and productivity in their lives, assisting them into a quality adult life.

The State WAI model requires service delivery, data collection, documentation, and reporting in line with WAI's Array of Services. The WAI Array includes, but is not limited to, career awareness and exploration, career counseling, vocational assessments, pre-employment activities that promote employment readiness, job search skills, and job retention, work training, and follow-up services. Spectrum's WAI Program strives to include as many elements of these services as "best practices", based on individual student’s skills, abilities, and interests.

Spectrum’s WAI program offers pre-vocational / vocational training, and pre-employment and career planning services for students 14-22 aligned as much as possible with each student’s Individual Education Plans (IEP). As mandated in the IDEA 2004, and by the age of 16, transition planning, post-secondary goals, and individualized transition services will be addressed simultaneously with the development of the student’s annual IEP goals. The Individual Transition Plan (ITP) is based on age-appropriate transition assessments. Measurable post-secondary goals are developed based on students’ individual long-term objectives, interests, and preferences, and may include paid work training and other employment-related services. The development and practice of independent living skills are also a part of the long-term goals.

Pre-vocational and vocational training prepares students for future WAI subsidized or direct hire work training and employment opportunities, and includes, but is not limited to, pre-vocational/vocational tasks, mobility training, self-care, training in tolerance with time on task, work maturity standards and values, and the development of effective communication skills. The program features a strong community-based component. Research has shown that it is most productive for our students to learn skills in the natural environment where they will be later expected to demonstrate the skills. In this way, generalization is enhanced and independence maximized.

Completion of High School Graduation Requirements

Data is not shown when the number of students with data is ten or less to protect student privacy.

XII. Instructional Planning and Scheduling

Spectrum Center Schools provide continual training as well as dedicated staff training days. Spectrum – San Jose had 2 teachers training days and 3 all staff training days prior to the first student day in the fall. We have 2 additional training days – one in the spring and one in the fall.

Teachers receive a yearly stipend to assist with educational costs. Teachers also have the opportunity to receive Spectrum Center scholarships. All staff are required to complete Behavioral and Educational Skills Training “BEST” training manual. BEST encompasses Spectrum Center’s mission statement, philosophies of teaching, strategies for supervision, ABA principals, data taking and safety in the classroom.

All Spectrum Center Schools and Programs staff are required to attend a 3 day CPI Non-Violent Crisis Intervention training. CPI teaches positive behavioral management. CPI trainings are offered monthly throughout the school year. When appropriate, trainings are provided on how to implement PECS, TEACCH, token economy systems, and social skills strategies. During Professional Development Days staff receive required trainings such as: CPR, First Aid, Hughes Bill, Incident Report Writing, Emergency Preparedness, Blood borne Pathogens, Student Supervision, FMLA-HIPPA, Safety in the Workplace, and Universal Precautions.

Teacher Training

Sample Teacher Trainings:

Improving Student outcomes through Data-based Decisions -

- Teaching Plans

- Data Systems

- Graphing & Data Analysis

- Ensuring Proper Implementation of Teaching Plans by Classroom Staff

Direct Instruction –

- Corrective Reading Decoding & Comprehension

- Spelling Through Morphographs

- Expressive Writing I & II

Staff Training

All Staff are trained in:

Non-violent Crisis Intervention- CPI

Behavior and Education Staff Training (BEST) – Computer-based instruction and competency-based evaluation in the areas of:

- Dignity and Respect

- Communication

- Teaching Strategies

- Data Collection

- Reducing Challenging Behaviors

- Safety
