

A Note from the Director :

The days are growing shorter, the nights are longer, and our students are growing in so many ways! Our classroom teachers are hard at work marking progress on IEP goals and sending home report cards. Check those backpacks!

We want to partner with you in your child's education so keep the communication flowing :-)

AWARENESS

This month we kicked off the **"See Something Say Something"** program which shines a spot light on supporting those in our communities and schools who may be demonstrating signs of a mental health crisis as a way to prevent violence in our schools and communities. Our students will be learning how to provide support to fellow students who may feel lonely and socially isolated through the **"Start With Hello"** curriculum.

JUST FOR YOU!

Family Support Meetings will be held on Teams the last Wednesday of the month from 6:00PM to 7:30.PM. The purpose of the meetings is to provide information and support to our Spectrum-Antioch families. This is a great way to meet other families to share your successes or get extra support from people with similar experiences.

OCTOBER TOPIC: PECS and Communication

Watch your email for a link to the meeting closer to the event.

NEW FACES on Campus

Please help us welcome our talented new staff:
