February Newsletter

Celebrating Black History Month

Students participated in various crafts that celebrated Black History Month. With the help of social stories and videos, students were educated on African American history.

Feeling the Love on Valentine's Day

Valentine's Day was in full swing at Spectrum Center! The campus was decorated so everyone could take beautiful pictures and selfies anywhere. Many students and staff dressed for the occasion and enjoyed Valentine themed activities. Every student received a personalized card from their peers during the school wide card exchange.

First Day of Work

It was the first day of work at Rite Aid for one of our workability students. We are looking forward to adding more students to the program. If your child is over 16 and is interested in joining the program, kindly contact Ms. Karolyn
