

"It is important to make sure we're talking to each other in a way that heals, not in a way that wounds."
—Barack Obama

A Note from the Director :

Another year is upon us . Each new year is an opportunity to re-set . We bring fresh energy to our relationships at work and at home. What changes do we need to make? What is working for us ? What do we want to improve?

Here at Spectrum Antioch we are in a continuous state of improvement. We keep the best interest of the children we serve at the center and go from there. Servant leadership forms the backbone of our work: Forgiveness, selflessness, patience, respectfulness, humility, honesty, kindness, commitment. Reflection and feedback are a regular practice for growth and development for all our teachers .
