II. About This School

School Description and Mission Statement

About this school:

Spectrum Center Schools have been serving special needs students with since 1975. We are a California Department of Education certified nonpublic school program.

The Spectrum Center Jurupa Elementary School has collaborative classrooms that provide intensive special education services and a safe therapeutic environment for students with exceptional needs grades TK-6. The school has on average 46 students served in 4 classrooms with a credentialed Special Education Teacher and specially trained paraprofessionals.

The school provides a menu of education and related services in the areas of academics, independent living, community integration, recreation/leisure, and vocational training. Communication is addressed across all skill domains. Students also learn social interaction skills across all activities.

Our behavior analytic, data-based approach evaluates curricular, environment, intra-personal and interpersonal variables in designing non-aversive behavior programs to teach pro-social behaviors. Some of our standard evidenced based practices include:

- Applied Behavioral Analysis
 - Functional Analysis
 - Positive Behavior Intervention Plans
 - Positive Behavioral Supports
- Curriculum and Instruction
 - State Standards Implementation
 - Direct Instruction
 - Computer Assisted Technology
 - Discrete Trial Training

Ongoing Progress Monitoring
 Curriculum Based Measurements
 Content based Assessments
 Standardized Assessments

Data is collected on academic achievement and on each Individualized Educational Plan (IEP) goal weekly. The data is reviewed monthly to assess the student's progress. Lessons plans are revised as needed to assure student learning. A progress report and/or report card is completed for every student and is provided to both the parent and LEA quarterly per the IEP and master contract.

Spectrum Center Schools monitor progress on targeted campus goals quarterly. An Internal Accountability Review is conducted annually.

Mission Statement:

Our mission is to provide personalized, evidence-based educational services for non-traditional learners in collaboration with families and public-school districts.

Opportunities for Parental Involvement

Parents are involved in the student enrollment process, parent/teacher conferences, IEP development and approval.

There are opportunities for parents to attend school events such as, open house, talent show, and parent teacher conference. These events give parents/care-providers the opportunity to see what their children are learning and how much they are working on building their social skills. Parents/care-providers also have the opportunity to meet other parents/care-providers, which can help with finding resources for their children and themselves.

Teachers communicate with parents on a daily or weekly basis to touch base and share how the child's day/week went as well as ask for parent input.

When needed, Spectrum Center has provided trainings to help parents with challenges at home, such as ABA principles, video modeling for those with Autism, as well as other training.

Types of Services Provided

Spectrum Center Schools works cooperatively with local school districts to develop a customized curriculum for each student based on the student’s Individual Education Program (IEP), abilities, interests, and goals. The Spectrum Center Schools meet state education standards and are based on the principles of Applied Behavior Analysis (ABA). ABA is a discipline devoted to the understanding and improvement of human behavior. Spectrum’s ABA curriculum includes specific strategies for preventing behaviors of concern, teaching alternative appropriate behavior, teaching self-control strategies, improving learning skills and responding to behaviors of concern in a safe and respectful manner.

Spectrum Center Schools serve students with emotional disturbance or developmental disabilities who benefit from a consistent and structured program, with an emphasis on a successful transition to a less restrictive environment. The students receive individualized instruction in academic, social, and behavioral skills, including independent living and vocational skills in a low student to instructor ratio.

Spectrum Center Schools also serve students with autism, who receive a continuum of specialized education services in dedicated classrooms. Applied Behavior Analysis is the foundation of Spectrum’s approach to teaching children with autism in an environment that is predictable, consistent, structured, and positive. Spectrum’s curriculum for students with autism in highly structured educational settings involves repeated presentation of instruction and focuses on communication, behavior, social and academic skills in a low student to instructor ratio.

All related services are provided by the District per the students Individual Education Program- Counseling, Speech and Language Therapy, Occupational Therapy, Adapted Physical Education, and Assistive Technology are provided by the District.

XII. Instructional Planning and Scheduling

Spectrum Center Jurupa Elementary Campus offers teaching staff receive a stipend every year in order to help continue their education and other teaching staff have access Spectrum Center scholarships. All staff are required to complete a one-month training CD called BEST, which encompasses our Mission Statement, philosophies of teaching, strategies for supervision, ABA principles, data taking and safety in the classroom.

All our staff are required to attend a three-day training called CPI. This gives them the opportunity to learn positive behavioral management. Throughout the school year teaching staff receive trainings, when appropriate, in using Boardmaker, PECS, TEACCH, Token Economy Systems, and social skills strategies. Before the beginning of each school year, three to five days are designated as teacher training days. Staff receive the required trainings, such as: CPR, 1st aid, Positive Behavior Supports, Incident Report writing, Emergency Preparedness, Bloodborne Pathogens, Student Supervision, FMLA/ Safety in the Workplace, and Universal Precautions. Spectrum Center Jurupa had 5 staff training days prior to the first day of school in the fall. We had 7 additional training days during the school year.
