

**SCHOOLS AND PROGRAMS**

**A Note from the Director :**

*The desks and tables are clean, the awards have been distributed, and another school year has come to a close. Gratitude is the primary emotion I am feeling. I want to take this opportunity to express my thankfulness and appreciation for our amazing team of educators,, support staff, and most of all, my administrative team. Without these dedicated, passionate souls, our school would not be what it is. I also want to share my profound respect and compassion for the families and group homes that provide loving support for our extraordinary population of students. Together we have created a community of caring adults who make a difference every day in the lives of children. Summer is upon us. I hope everyone finds time to savor the moment.*

**GRADUATION**

**Congratulations to the Class of 2023!**

**IMPORTANT:**

Please check your student’s backpacks this month for important communication from your student’s teacher.

Be on the lookout for:
