September 2022

Back to School!

The Peninsula Campus has been busy this month. Back to School Night and Speech Meet & Greet, both had wonderful turn outs! Thank you, families for joining us. Our new students seem to be acclimating well to their new school. We are very proud of the school community for being so welcoming and supportive as we rolled into the new year!

Universal Meal Program

At the start of the school year, Spectrum Center launched their meal program which offers students breakfast and lunch each day. Along with a featured entrée that includes a side vegetable dish, students are also given a fruit and milk or juice. Spectrum partnered with local company SchoolFoodies to help provide nutritious hot lunches to which students are enjoying.

Students have also taken an active role in meal distribution. As part of their classroom jobs, students take turns taking count of how many meals should be ordered, pick them up from the school kitchen, and help with delivering the meals to their classmates.

Composting is Fun!

Spectrum Center introduced a compost program in the beginning of the school year. With the start of Spectrum's meal program, we have compiled quite a bit of food scraps. Instead of throwing the scraps in regular trash bins, students practice identifying compostable items and discard them in the designated compost bin.

See Something, Say Something

On September 27, 2022, Peninsula Campus began the See Something, Say Something campaign. In collaboration with the Sandy Hook Promise Organization, Spectrum Center Schools will provide trainings and resources through a program that "empowers students in grades K-12 to recognize loneliness and social isolation in their peers, offering effective strategies to reach out and help, and ways they can grow an empathetic and inclusive community".

Compost bins are placed in all classroom and office spaces for easy access!

Reminders

Monday, Oct. 3 – NO SCHOOL

October 24-26, 2022
