

Annual Report

We ask ourselves annually if we are delivering the services we promise to our partners, and, most importantly, our students. The data shown here are from the 2022-2023 school year.

STAR STUDENT GROWTH PERCENTILE

A student's growth percentile means the student grew the same or more than that percent of their academic peers (disabled and nondisabled).

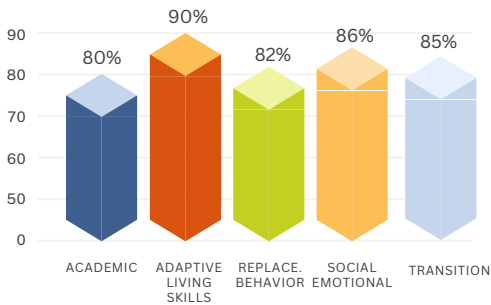

51% Reading
46% Math

SKILLS ACQUISITION

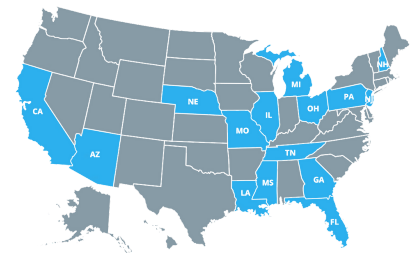

Using a range of assessments ensures that there is a comprehensive approach to student learning. We administer assessments based on what is most appropriate for the skill level of the students.

IEP GOAL PROGRESS

The graph shows the percentage of IEP goals progress during SY2022-23

PROGRAMS & LOCATIONS

We provide our alternative and special education services in 104 locations in 15 states in partnership with over 240 districts.

CHALLENGING BEHAVIOR REDUCTION

Challenging behaviors significantly impact learning. Through Behavior Intervention Plans, Spectrum has reduced the frequency of targeted behaviors.

35% decrease in physical aggression
65% decrease in self-injurious behavior
79% decrease in property destruction
